

MATERIAL SAFETY DATE SHEET ELEGOM

1 – CHEMICAL PRODUCT IDENTIFICATION AND COMPANY IDENTIFICATION

Product: ELEGOM

Supplier: **Burgundia Cœnologie**

ZAC Portes de Beaune – 29, rue Buffon - 21200 BEAUNE _ France

Tel: 03.80.22.43.21

Mail: laboratoire@burgundia.fr

Emergency phone: ORFILA 00 33 (0)1 45 42 59 59 FRANCE.

2 – COMPOSITION – INFORMATION ON INGREDIENTS

Characterization of the preparation: Arabic gum from acacia - polysaccharid

Concentration: 260 g/L

N° CAS: 9000-01-5

Food additive: E 414

3 – HAZARD IDENTIFICATION

Product not hazardous according to the European norm criteria on the classification of dangerous substances

4 – FIRST AID MEASURES

In case of skin contact: Take off contaminated clothing. Wash with plenty of soap and water. If irritation persists, consult a doctor.

In case of eye contact: Rinse immediately with clean water for 15 minutes, holding the eyelids open. If the person wears contact lenses, remove them immediately. Consult an ophthalmologist.

In case of ingestion: Rinse mouth with water. Do not induce vomiting. Consult a doctor.

In case of inhalation: Move person to fresh air or to a ventilated area. If symptoms persist (shortness of breath or wheezing, cough), consult a doctor.

5 – FIRE FIGHTING MEASURES

Non-flammable product.

Protection against fire and explosion: Wear suitable protective suit.

Suitable extinguishing media: CO₂, water spray, foam, powder, depending on the materials involved nearby.

Extinguishing media to be avoided: Do not use a water jet.

Special hazards: None.

6 – ACCIDENTAL RELEASE MEASURES

Dispose of the preparation immediately. Pick up the product by mechanical means and collect in suitable, closed containers for disposal. Dilute the remaining product abundantly with water. Prevent entry into sewers, soil or waterways. Provide sufficient ventilation in the area of dispersion. Wash soiled clothes.

7- HANDLING AND STORAGE

Handling: Safe handling. Do not eat, drink or smoke while working. Wash hands after use.

Storage: Store in its original, closed packaging. Store in a cool, dry place.

8 – EXPOSURE CONTROL/PERSONAL PROTECTION

Eye protection: Wear goggles.

Hand protection: Wear gloves if risk contact.

9 – PHYSICAL AND CHEMICAL PROPERTIES

Appearance: Light yellow liquid

Viscosity: 50 cp

Density: 1100 Kg/m³ – 1160 Kg/m³

pH (solution at 20%): 2 – 3

The others physical and chemical parameters are not relevant for the safety. For more information, refer to the Technical Product sheet.

10 – STABILITY AND REACTIVITY

This preparation is stable in normal conditions of storage and use.

11 – TOXICOLOGICAL INFORMATION

Ingestion: No toxic

Skin contact: Possible momentary irritation

Eyes contact: Can cause reversible wounds.

12 – ECOLOGICAL INFORMATION

Biodegradable product. No known effects on the environment. Avoid entry into sewers or waterways.

13 – DISPOSAL CONSIDERATIONS

Vacuum up the spilled product and wash with plenty of water. Dispose of according to local or national regulations in force.

14 – TRANSPORTATION INFORMATION

Product not concerned by the regulations of hazardous substances transport.

15 – REGULATORY INFORMATION

Product not concerned by the regulations of hazardous substances labelling.

16 – OTHER INFORMATION

The information contained in this safety data sheet is considered, at the date of publication, to be true and correct. However, the precision and the exhaustiveness of this information, as well as all the recommendations and suggestions are given without guarantees. As the conditions of use are beyond the control of our company, it is up to the user to determine the conditions of the safest use of this preparation.

"We educate users about the risks involved when a product is used for purposes other than those for which it was designed. The user must know and apply all the regulations governing his activity. "
